Times-Gazette.

VOL. XXXXIX: NO. 41 — REDWOOD CITY, CAL., SATURDAY, JANUARY 25, 1908. — ESTABLISHED, 1859.

Buy in the Beautiful Gray Tract

One of the best subdivisions in San Mateo County. No adobe; the finest of soil—loam and gravel; beautiful oak trees, and situated on the Woodside road. This road is soon to be made into a beautiful boulevard. NOW is the time to buy. Only a few blocks from the new electric line. Don't let all outsiders come here and buy up the best. These lots are all 50x109 feet; no 25-feet frontage here. I want you to call at the office and I will show you what these lots are, and I would like to see our own people get in on the ground floor—not all strangers. About forty of these lots have been placed on the market for $250 each; 10 per cent cash, remaining payments to suit purchaser.

PAIN

Pain in the head—pain anywhere, has its cause. Pain is congestion, pain is blood pressure—nothing else usually. At least, so says Dr. Shoop, and to prove it he has created a little pink tablet. That tablet—called Dr. Shoop's Headache Tablet—coaxes blood pressure away from pain centers. Its effect is charming, pleasingly delightful. Gently, though safely, it surely equalizes the blood circulation.
If you have a headache, it's blood pressure.
If it's painful periods with women, same cause.
If you are sleepless, restless, nervous, it's blood congestion—blood pressure. That surely is a certainty, for Dr. Shoop's Headache Tablets stop it in 20 minutes, and the tablets simply distribute the unnatural blood pressure.
Bruise your finger, and doesn't it get red, and swell, and pain you? Of course it does. It's congestion, blood pressure. You'll find it where pain is—always. It's simply Common Sense.
We sell at 25 cents, and cheerfully recommend

Dr. Shoop's Headache Tablets
P. A. RYAN.

LOST—Between depot and Main street, a brown fur. Finder will leave same at this office and be rewarded.

Why Not Try School Consolidation at Woodside?

The following account of the work of an Illinois schoolmam in bringing about the consolidation of three weak and inefficient schools, has indeed a lesson for our neighbors in the county about Woodside including Portola and West Union:

Miss Mabel Carney, a young Irish girl just out of the Normal School, who began teaching three years ago in a country school in Magnolia Township, Ill., has since made a remarkable record. Her school and two neighboring ones were small, dilapidated and ill equipped. She talked consolidation, and got the question submitted to the voters. It was defeated in 1905, and carried in 1906. Eighteen thousand dollars were voted to put up a fine building for the consolidated schools; a public-spirited citizen, John Sweeney, gave twenty-four acres for a campus, and on it there is now an agricultural experiment plot conducted in co-operation with the agricultural school of the State University. Country boys and girls may here study agronomy, animal husbandry, horticulture, domestic science and art and kindred subjects. The pupils from the three former school districts are brought to school in WAGONS. There is a four-years' High School course with liberal electives, and a tract of splendid natural forest has been added to the school property through Miss Carney's efforts. The principal of the Western Illinois Normal School has now made her the supervisor of a model country school, to help solve the problems of country schools in Illinois. This summer seventy teachers came to learn of her. These country teachers have now organized themselves into the Country Teachers' Associations of Illinois, with Miss Carney as president. The association is unique in that it concerns itself wholly with the problems and interests of country teachers and country schools. Its endeavor is to "make life large and lovely for the country child." The membership already includes more than 300 country teachers and county superintendents of schools.—Mercury January 12, 1908.

This is the third year I have had charge of the Sequoia Union High School. For that period Portola district has continued to send one pupil to the High School, and one other pupil was graduated who did not enter High School.

The only pupil in three years from the West Union School district graduated from our High School last year. In that time no other pupil has graduated from the West Union school.

In the period named four pupils have entered Sequoia from the Greersburg district (Woodside) and one other was already in attendance. Of the five pupils four are now in attendance. In the three years four other pupils were graduated from the Greersburg school, but did not enter the high school.

Thus in a period of three years these three districts contributed but four new pupils to the high school, and continued to send three pupils who had already entered in the fall of 1905. In all but eight pupils have been graduated from three schools in a period of three years. This is certainly a very small educational output for the work of four teachers for two years, and of three teachers for another year. Unless there is marked increase in population (which is unlikely) these districts are not likely to make any better showing in the next three years than in the last three. Nor is that all. They are not likely in years to make any better showing. The conditions are all wrong. None of the districts have enough of sixth, seventh or eighth-grade pupils to make a good class. Small classes are usually lacking in interest. It can hardly be otherwise.

There is no doubt their true interests lie in consolidation, which the California law encourages. The time has long passed when every little community must have a school. While these districts can not set their mark so high as those told of in Illionois, they can at least provide a good grammar school at Woodside with probably four teachers, and more pupils will be graduated each year than now graduate in three years. The transportation of the pupils from West Union and Portola is not a great problem if the people want a good central school. Many eastern communities, particularly in Indiana and Illinois, have made such schools a great success in worse climates and with far worse roads that we have in California. Most communities have the kind of schools they want. Improvement in schools can only come from vigorous efforts by some one greatly interested in them.

A number of California counties have schools which have seen fit to consolidate, and the experiments have been wonderfully successful. Such an experiment is well worth trying at Woodside, but somebody must lead out. There is a fine chance for one of the teachers of the interested schools to inaugurate a new experiment in education in our vicinity and to win a reputation for doing things, and a remuneration as head teacher, which will be ample compensation for all the effort put forth. If none of the teachers or patrons are sufficiently interested to undertake so worthy an enterprise, then those parents who are anxious for better educational facilities must move into one of the larger towns or unite to start a movement which will provide ample school training in their own midst through consolidation of the three schools. From a business standpoint the experiment is well worth the trial. In the twentieth century that community which is best supplied with schools, and churches, can best attract new-comers. A good grammar school at Woodside with four teachers and a large graduating class each year would be the most potent influence toward a rapid filling up of the community and a marked increase in the value of lands.

S. P. McCREA,
Principal of the Sequoia Union High School.

The Elleford's are Coming

Our theater goers will be pleased to hear that the well-known and popular Elleford Company are coming to Plumps Opera House for Monday and Tuesday January 27th and 28th. This company is too well-known here to need extended mention. The bill Monday night is a new comedy drama, "The American Girl" a production that has made a big hit throughout the east this season. Mr. Elleford witnessed the first production in New York last spring and immediately secured the coast rights. It will be presented with all of the special scenery and effects. The offering for Tuesday night is Chas H. Hoyts greatest comedy success, "A Texas Steer". Hoyt was one of the few playrights that could take the ordinary happenings of everyday life and weave a consistant story with comedy that was not exagerated. The play is in its 15th successful year and never seems to grow old with the higher class of theater goers. It is presented with all of the necessary scenery and effects and a very strong cast. The big "Headliner" in the vaudeville contingent is the child duo, the Osborne Children. In the production of "The American Girl" they appear in two prominent parts, and in each production they will introduce several clever specialties. Ray Collins will have a new singing act, "Pictured Melodies", and Mattie Lloyd Luce will introduce in each performance some of the latest popular songs. The prices are 25, 35 and 50 cents. The sale of seats is now open at Ryan's drug store.

IN THE SUPERIOR COURT OF THE County of San Mateo, State of California.
In the Matter of the Estates and Guardianship of Manuel Furtado, Louis Furtado and Antone Furtado, Minors.

Order to show cause why order of sale of real estate should not be made.

Frank Furtado, guardian of the persons and estates of Manuel Furtado, Louis Furtado and Antone Furtado, Minors, having duly presented to and filed in the above entitled court and matter his verified petition praying for an order of sale of certain real estate belonging to his said wards, the said Manuel Furtado, Louis Furtado and Antone Furtado, minors; and it appearing to this court from said petition that it is necessary, will be beneficial, and is for the best interest of said wards that such real estate of said wards, or or some part thereof, should be sold;

It is Hereby Ordered that the next of kin of said wards and all persons interested in said estate, or in the estate of either of the said minors, appear before this court on Thursday the 6th day of February, 1908, at the hour of ten o'clock a. m., at the court room of said court, Odd Fellows' Building, in Redwood City, in said county of San Mateo, state of California, and then and there show cause why an order should not be granted for the sale of said estate and as prayed for in said petition.

And it is Further Ordered that a copy of this order be published at least once a week for three successive weeks before the said day of hearing in the Times-Gazette, a newspaper printed and published in said county of San Mateo, State of California.

Dated this 7th day of January, 1908.
GEO. H. BUCK,
Judge of said Superior Court.

SUPERVISORS HOLD MEETING

Smelter Projectors Are Turned Down

SOUTH CITY ENTERS PROTEST

Ordinance Passed Prohibiting the Operation of Proposed Plant in County

The board of Supervisors met in regular session last Monday. All the members were present.

On motion of Eikerenkotter seconded by Blackburn action on the passage of Ordinance No. 218 was reconsidered.

W. J. Martin of the South San Francisco Land and Improvement Company addressed the board on behalf of the smelter people. He did not desire to combat but to represent those who had invested their all in South San Francisco in anticipation of the smelter locating there. He assured the Board that the fumes from the smelter would not destroy vegetation. He thought the ordinance was rushed through without the smelter people being given a chance to be heard. He asked that a time be fixed for a hearing and that the smelter attorney, Mr. Chickering be heard,

E. I. Woodman, representing the South San Francisco Board of Trade, urged the board to give the smelter people fair dealing. The Corporation had spent large sums of money at San Bruno Point and it ought to be fully considered. Judge Cunningham made a rousing speech in favor of the smelter. He said undue haste was used in passing the ordinance and that only one sideof the matter was heard. He urged that a day be fixed for a hearing when the smelter people could present facts.

Samuel Knight—on behalf of the Home Protective Association delivered a forcible address. He said "show me a smelter and I will show you devastation". He declared that vegetation and animal life would be injured for a distance of 55 miles. He read a dispatch from the Crocker Estate people, who own 4000 acres in South San Francisco, apposing the establishment of the smelter at San Bruno Point.

W. H. Chickering spoke in favor of giving the company a hearing as everything had been concealed until the ordinance had been completed and passed.

Mr. Bennett asked the gentleman what part of the ordinance he objected to. This Mr. Chickering declined to do, as being too good a lawyer to be trapped into a statement before appearing in court.

Mr. Bennett produced the decision of the Judge of the Superior Court in Solano county where the smelter company has been recently defeated, and in which case Mr. Chickering was their attorney, and also displayed a chart prepared by the State Meteorologist in San Francisco, showing that the prevailing winds during the greater part of the year blew down the peninsula, thus endangering the whole territory as far as PaloAlto.

T. C. West representing the people of Alameda said the ordinance under consideration was not strong enough. If hiis people had a say they would make it more stringent. W. J. Martin declared the experts employed by the board were not the best experts in the United States, that the smelter people has better experts that could explain matters to the board that would change its opinions.

Ex-Senator Chas. N. Felton delivered an eloquent speech which found a responsive chord in the hearts of the large audience present. He was loudly applauded. He said that there was a power above the board of supervisors, that could be invoked if an injustice was done. But he also said that highly capitalized corporations must cease to oppress the small property holders, and if ordinances more stringent then the one under consideration are needed they will be forthcoming until one is enacted which will control the oppressors.

George C. Ross made a very forcible and eloquent speech in favor of the passage of the ordinance. He said he had drawn the same and knew it was fair to all persons concerned.

Mr. Ross read from the ordinance where it provides that, "whereas it appears to the board of supervisors of San Mateo county that smelters which discharge smoke, gases, fumes and air containing oxides of sulphur, arsenic and other noxious substances have been injurious to the public health, it shall be unlawful for any person to permit to escape from the flue, chimney, directly or indirectly connected with the furnaces into the fresh air, any air, smoke gases or fumes which contain more than two grains of sulphur trioxide or sulphuric anhydride per cubic foot."

"And now" he asked "what is there prohibitory about that? Our opponents claim that it is, and still say that their smelters do not allow any noxious fumes to escape. If they do not this ordinance does not affect them. If their smelters do diffuse noxious fumes then they have no business in the community where they will destroy animal and vegetable life."

W. T. Garrett, representing $600,000 interests in South San Francisco, said that in as much as the smelter people would spend from two to four million of dollars they should be given sufficient time to be heard. They should be welcomed to the county rather than discouraged.

Mr. McLearn, superintendent of the Golden Gate Park, explained that arsenic coming from the smelter would destroy vegetation for miles around.

W. J. Larkin, appearing for San Leandro in a strong address opposed the smelter.

W. H. Brown raised the point that the motion to reconsider could be postponed.

Mr. Knight asked "Why temporize with the matter, the ordinance is only a regulation and not a prohibition and no objection can be reasonably made to it."

Eikerenkotter said: "I have been in this board for eight years and I must say that this is the first time that I have ever seen a measure of any kind passed before where both the parties, or all of the parties affected, were not present and allowed a hearing.

Harry E. Styles made a good talk in favor of the smelter.

MacBain repeated what he said at the last meeting to-wit, that the people had been fighting the smelter for years and now the smelter could fight the people. He moved the adoption of ordinance No. 219 and said motion was seconded by Blackburn. It was adopted by the following vote. Ayes Coleman, Blackburn and MacBain. Noes, Debenedetti and Eikerenkotter.

After repassing the ordinance the members of the board of supervisors who voted in favor of it seemed to think that some explanation of their action was due their constituents, for they made a statement of their position in the matter, the chairman, J. H Coleman, leading with the assertion that he knew what smelters meant to a country side, and that, while he wa prepared to listen to anything that the company had to say in the matter he thought that the ordinance should be passed as speedily as possible.

This was in answer to the assertion which had been made frequently during the day by the lawyers for the smelter and the representatives of South City real estate companies, who favor the coming of the smelter to their township, that the company had been treated unfairly by the board, in that it had not been notified that the ordinance was pending, that the measure had been railroaded through the board by underhanded methods in order to steal a march on the advocates of theplant and the officials had not had time in which to assemble the evidence which they had that would show that the presence of a smelting plant was not the menace to a country side which the Home Protectiv association people asserted.

Supervisor D. E. Blackburn also made a statement after the passage of the ordinance to the effect that he, too, would be glad to afford the company every opportunity to show that their plant would not prove a nuisance or be injurious and that, should it do so, he for one would be glad to reconsider the ordinance just passed. He favored the small property owner as against large corporations.

At the request of C. N. Kirkbride the hearing on the petition for the incorporation of the town of Burlingame was deferred to the second meeting in February.

Hall C. Ross presented a map of Dumbarton Oaks and same was accepted on motion of MacBain seconded by Blackburn.

James W. Cochrane presented a map of the Coleman tract and same was accepted on motion of MacBain seconded by Blackburn.

At the request of School Superintendent Cloud the petition signed by the people of Vista Grande asking for a newschool district was withdrawn.

A petition presented by F. H. Thorpe asking for a new school district at San Bruno was referred to the District Attorney.

On motion of MacBain seconded by Eikerenkotter Mrs. Kate Brown was allowed $4 per month each for the support of six children.

The application of Ed de la Borne for aid was referred to MacBain.

Two communications were read from Dr. David Starr Jordan of Stanford asking that the liquor license of Charles Meyer, Menlo Park, be revoked also the license of the Wonder saloon at Portola be revoked. Jordan alleged that both saloon men sold liquor to students and minors. On motion of Blackburn seconded by Debenedetti Dr. Jordan and the two saloon men were cited to appear at the next meeting of the board.

A letter has been received by John MacBain from Walter R. Welch, fish and game warden of Santa Cruz county, calling attention to the fish hatchery at Brookdale in that county. Mr. Welch points out the advantage to be gained by this county co-operating with Santa Cruz in the maintenance of a hatchery. The cost will be comparatively little and an opportunity to procure fish for stocking the streams Mr. MacBain will correspond with Mr. Welch and expects to interest the supervisors in the matter.

The petition of Chas. W. Johnson and others to close certain streets in Farallone City was granted on motion of Debenedetti seconded by Blackburn.

J. S. Hunter was appointed County Entimologist on motion of Blackburn seconded by MacBain. The salary of the new official will be fixed later.

MacBain was given further time to report on the Pope street bridge.

Coleman was given authority to purchase a new sprinkling cart.

Eikerenkotter reported in reference to the board going over the Southern Pacific Company's lines with the officials in regard to putting up gates on dangerous crossings. He said the officials had treated the board courtesly and had granted all their requests.

The following claims were passed upon by the finance committee and ordered paid by the board:

Articles of Incorporation

The following articles of incorporation were filed in the County Clerk's office during the week.

Hotel Mateo Company incorporates with a capital stock of $200,000 divided into 2000 shares at a par value of $100 each. The actual amount of stock subscribed is $500 by the following directors who subscribe five shares each, John R. Hoenes, Henry F. Hageman, Leo Mund, L. R. Morris, and W. T. Eckhoff. The principal place of business is San Francisco. The Company is to do a general hotel business.

The San Mateo Abstract and Guaranty Company incorporates with a capital stock of $25,000 divided into 2,500 shares at a par value of $10 each. The principal place of business is at Redwood City where the Company wil do a business of Searchers of Records.

The actual amount of stock subscribed is $2,500 by the following, H. W. Taverner 248 shares $2480,- M. L. Benson one share $10, A. C. Botto one share $10.

Applies for Letters

The Central Trust Company of California has applied for special letters of administration upon the estate of Mary A. Lee who died at San Mateo on January 20th. The petition does not state the value of the estate except that it exceeds $10,000 in value. She left a will which is in the Union Trust Company's vaults in San Francisco. The heirs at law are, James Lee aged 16 years, and Mary Josephine Lee aged 14. The esstate is a very large one consisting of choice property in San Mateo, Burlingame and Redwood City.

John F. Shermantine has applied in the superior court for letters of administration upon the estate of his son. Elmes James Shermantine who died at Oakland on January 10th. The estate consists of 5000 shares of the capital stock of the Arthur H. Jordan Incorporation. The value of the estate does not exceed $500.

Condemation Suits Begun

The Ocean Shore Railroad Company has commenced condemnation suits against the following persons owning property along the line of the road near Halfmoon Bay, Manuel Silva and others, Joseph Martin and others, Roza P. Brown and others, Frank Martin and others, Adolphine Schubert and others. Ross and Ross, and Corbet and Selby are the attorneys for the Company.

Marriage Licenses Issued

The followiing marriage licenses were issued from the County Clerk's office during the week:—

B. Louis Carrere of San Mateo, and Marie OConnor of Redwood City.

William Baciarini and Sarah Ackerson, both of San Mateo.

William C. Murdock, jr., of San Francisco, and Louisette D. Curtis of Menlo Park.

Joe F. Perry and Velina G. Auila, both of San Bruno.

Dance at Woodside

There will be a grand ball at Woodside Saturday evening, February 8th, to be given by the young men of that town. Good music has been engaged and an enjoyable evening is promised those who attend.

LOCALS IN A BRIEF FORM

Thumb and Forefinger Cut Off

IT WAS AN INSTRUCTIVE TALK

Popular Sequoia Student Submits to Surgeon's Knife---Social and Personal Notes

All orders for upholstering work may be left at the postoffice addressed to James Pickett who resides a short distance outside of town.

C. H. Woodham of Sunnyvale has leased the lower floor of the Gunning building on Main street and will open a furniture store.

Attention is called to the advertisement of Kenneth S. Murray the florist on the Woodside road. He has many varieties of trees for sale.

The branch office of the Redwood City Realty Company near the depot is nearly completed, and when done will present a handsome appearance. Mr. Paul D. Green of Palo Alto will have charge of it.

B. Louis Carrerc, the Homestead baker, was united in marriage to Mrs. Marie O'Connor of this City by Father Sullivan last Sunday. They departed that afternoon for the South to spend the honeymoon.

The following officers of Hope Encampment were installed by District Deputy Grand Patriarch Max Kohner and a staff of grand officers from Santa Clara: C. L. McCracken, chief patriarch; E. B. Fox, high priest; S. Berry, senior warden; C. T. Dahlin, junior warden; J. J. Rogers, scribe; L. P. Behrens, treasurer.

Robert E. O'Connell has leased the Fox house on First street, and will move down from the city Feb. first. Mr. O'Connell is a brother of the O'Connells on the Woodside road

For Rent—Two furnished bedrooms, with or without the use of sitting-room and fire. Apply at this office.

The new store in the Offerman building next to Hofen the grocer has been leased by L. E. Pray, who will open up a first class candy store in a few days. Both of these leases were made hrough the office of the Redwood City Realty Company.

Willie Linderman met with a painfu accident Wednesday while at work on Baird Bros. residence on Roosevelt avenue. He was running a circular saw and in some way his right hand caught in it. His thumb and index finger were cut off. The hand was also badly bruised.

The Redwood City Realty Company has sold two lots in Menlo Grove to James Mason, who will build a handsome home there this Summer. This cleans out all the property facing Oak Grove avenue owned by the Redwood City Realty Company.

John Dielman came down from Auburn to visit old friends during the week. He looks the picture of health The climate of the north has greatly improved his health .Mr. Dielman leaves for Auburn today.

All kinds of fruit and vegetables: Oranges 10c to 50 cents per dozen, potatoes $1.50 to $2 per sack, apples $1.25 to $1.50 per box at the City Garden Market. Phone, Black 373.

The Golden Eagle and Oakwood cigars still lead. All concede that they are the best ten cent cigar in town. These goods are manufactured by George Weichring from imported tobacco. They are certainly a delicious smoke.

This week the iron for the two floors of the new court house arrived. The stone work is now completed to the first story.

Eighteen of the many friends of Mr. and Mrs. H. F. Butts gathered at the home of L. B. Thomas Wednesday night and surprised that couple with a tin shower, it being the tenth anniversary of their marriage. Mr. and Mrs. Butts had been invited to spend the evening there and were indeed surprised to find so many of their friends present.

The time was most pleasantly spent with whist. Mrs. Roy W. Cloud and A. D. Walsh won the first prizes for the largest numberof points while Mrs. James Hannon and Roy W. Cloud drew the consolation prizes. Refreshments were served during the games adding much to the enjoyment of the occasion. At 12 o'clock the tin ware was brought in and Mrs. Butts made a very happy speech in accepting it. Dancing was indulged in for a time after which all voted Mr. and Mrs.Thomas jolly good fellows and wended their way homeward

Goe. Kohn a former resident of this city and now a prominent north end politician was a local visitor Monday.

South City turned out en masse Monday to help on the cause of beating the smelter ordinance. They brought a full assortment of good oratory and heated atmosphere but the solid south was too much for them.

James Ralston who is well-known here is suffering from a severe stomach compliant and may be compelled to go to a San Francisco Hospital to undergo an operation.

Rev. W. A. Brewer, Head Master of St. Matthews School at Burlingame, was a local visitor Wednesday.

Miss Lottie Bell, of San Gregorio, one of the most popular students at Sequoia High School was taken to San Francisco this week to be operated on for appendicitis. She died from the effects of the operation yesterday after noon. This will be sad news to her many friends.

Mrs. Julia Marshall is confined to her bed by a very large and painful carbuncle on thecords of the small of her back.

Frank Durham and wife who have been in Nevada for the past year returned to Redwood last week and are visiting Mr. Durham's parents.

The entertainment at the Grammar School Wednesday night was one of the best and most instructive ever given iin thisj city. Prof. Clark who demonstrated the use of electricity in all of its forms was a master of thesubject and showed and explained all of the modern electrical appliances and apparatus. Considering the nature of the entertainment there should have been a large audience but only a few attended.

About ten of the local music lovers went to Palo Alto Monday night to hear Kubelick the famous violinist who performed at Stanford University

This weeks Santa Cruz paper contained the account of the settling of a $21000 estate which Leslie Johnston is handling This is a very large estate for so young a lawyer to secure and Mr. Johnston is to be congratulated upon the rapid strides he is making in the practice of his profession.

W. G. Brotherton, SanF rancisco manager of the Pacific Jupiter Steel Works, was in town Wednesday on business.

Laurence Heiner purchased last Saturday from W. B. Cameron the lot on the County Road adjoining that of R. F. Chilcott's. The lot has a frontage of 100 feet and should be very valuable soon.

Mrs. Aug. Schafer formerly of this place and her daughter, Mrs. Smith, were in Redwood yesterday. Mrs. Schafer came down from San Francisco where she now resides to make the transfer of her property located on 7th and D streets and recently sold to O. Johnson of Woodside.

If present indications count for anything building in the new additions to Redwood will be brisk this spring. Mr. F. W. Ebener will build a handsome two story twelve room house on his property on Roosevelt avenue. Concrete will play an important part in the construction of this building.

Wm. Schimp of San Francisco contemplates erecting a handsome house also on Roosevelt ave where he will reside permanently. Other buildings along the avenue are in contemplation. Wellesisey and Finger Parks both are getting their share of handsome structures. Dr. M. Taylor is errecting a magnificent home in Finger Park and buildings are going up in Wellesley park. Cement sidewalks are being laid giving the park a town like appearance. Dingee Park also promises some fine structures by next spring.

For the last year or so building has not been in keeping with Real Estate transfers while no doubt a great deal of property has been bought on speculation Real Estate men have insisted that a goodly portion of the sales were to people who intended to make their homes among us, but the high prices of building material kept a great many from erecting homes, also no doubt the money stringency has tended to retard it, but now with material at a normal price and with a brighter financial out look the building up of our good old town is an assured fact.

Joe Rodgers' saloon on A street was broken into last Tuesday evening. About twelve bottles of whiskey and several boxes of cigars were stolen. Sheriff Chatham has arrested two men on suspicion. He believes he has the right men as several suspicious circumstances point to them.

Frank Fortier died at San Jose last Friday of consumption. He had resided here for the past three years and was liked by all who knew him.

W. H. Kelso has been appointed by Joseph H. Nash a deputy clerk to register voters in the Schroeder tract.

A. Keller walked into the sheriff's office Thursday and complained that the people of Redwood City were throwing acid on him and calling him vile names. Deputy Sheriff Bartlett took him in charge and he will be tried for insanity before Judge Buck today.

West Dudley and daughter of Crescent City, Del Norte County, were here on a visit to Mr. and Mrs. James Crowe Thursday. Mr. Dudley is a supervisor of that county and is a prominent citizen ofthat section of the state. He resided at Woodside thirty years ago and this was his first visit since leaving. The wonderful improvements of the peninsula since then was a revelation to him. He was astounded at its growth. Mr. Dudley greeted many of the old pioneers he knew in the days of long ago. He inquired for many who have long since passed away to that other and better land. He says there are many former San Mateo people residing in Del Norte County.

Annual Account Settled

Judge Buck has settled the fourteenth annual account of Mrs. Carmel Fallon, guardian of the person and estate of FredA. Fallon, an incompetent person. The account shows that the sum of $7673.67 was received for rents and interest and that $4,235.50 was paid out by her. The court allowed her $750 for services as guardian. T. C. Coogan was allowed attorney fees in the sum of $250.

MENLO PARK HAPPENINGS

Railroad Avenue to be Turnpiked

DUCKS REPORTED PLENTIFUL

Stanford Park is Being Beautified by Planting of Sixteen Hundred Trees

A choic asstrtment of garden roses suitable for immediate planting, at The Las Palmas Greenhouses Hamilton Avenue and Hale street, Palo Alto. Phone, Main 176. 1--11-4

Supervisor MacBain has a number of men and teams hauling off the mud from Railroad avenue. It is to be turnpiked and six inches of crushed rock put down from crub to curb It will be one of the best streets in town

Station Agent J. E. Abernethy has gone to Los Angeles for a month's vacation. Rumor has it that he is to bring back a beautiful bride from the South where she has been a reigning belle for some time. During his absence the station will be in charge of J. W. Goenner of San Francisco.

Superintendent McGovern of the Southern Pacific with other officials including Attorney Herrin, inspected the railroad property here Tuesday. The superintendent announced that the company would rock the square around the depot, and would put in gates at the Hopkins crossing and at the Fair Ooks' crossing. The same officials will be here next Monday to make further inspection.

Ben Stafford has resigned his position as mixologist for J. H. O'Keefe and will engage inbusiness in San Francisco. He is a jolly good fellow and has made many frineds during his two years stay here.

Mrs. A. Parker is here from Auburn on a visit to her sister-in-law, Mrs. Henry Midgley.

Owing to ithe cold weather recently there has been a good flight of ducks to the local marshes. Some good bags have been secured this week by hunters.

Dr. Elliott Selzer is in charge of the Menlo Pharmacy during the illness of his mother.

An auburn-haired young man in town recently inquired as to when Lenten Season would commence. His friends take the cue that he is to lead a Menlo belleto the altar before that tiime. Perhaps its so.

Sixteen hundred trees are now being planted in Stanford Park. The tract is soon to be sewered.

A large consignent of Linden trees will soon arrive to be planted on the avenues of the Coleman tract.

A. Maberry has been engaged for some time in laying out the grounds, planting and transplanting trees at the residence of Samuel M. Shortrdge. The grounds and shrubbery are beautifully arranged with artistic effect making the Shortridge home one to be coveted.

A. J. Clunie is planting a large number of ornamental trees and shrubbery on his property. He is also planting an orchard. Mr. Clunie will soon begin the foundation for an elegant home. He will have one of the prettiest places in the community.

The league of the Cross Cadets will give a dance in Armory hall next Monday evening and every Monday evening thereafter for the remainder of the winter months.

The Sharon residence at University Heights is about completed and will be occupied this summer by the Sharons who are at present in Paris.

B. Blanchard and P. H. McEvoy who have been confined to their homes with illness since the first of the year are now able to be around.

The Trustees of Palo Alto are preparing to annex a large territory to the town to make Greater Palo Alto. It is proposed to take in the Hopkins' tract this side of the San Francisquito creek and the territory as far down as thee Cooley Landing. It is also proposed to annex the town of Mayfield. This area, if taken in, would certainly make a Greater Palo Alto.

Milton Walsh, oldest son of Mr. and Mrs. Martin Walsh, has come down from San Francisco to work at his trade at the Stanford University.

Mr. and Mrs. Timothy Hopkins will soon take possession of their home here. The lawns are being dug up and other improvements made.

An action was commenced by the town of Palo Alto in the Superior Court of Santa Clara County Thursday against Timothy Hopkins to quiet title to certain real estate and to enjoin him from obstructing a public highway. It appears that Hopkins claims an interest in a strip of land what is now known as Channing lane, and denies the right of the public to use the property as a public highway. Hopkins threatens to erect obstructions over portions of the real estate, the complaint says, and to protect the public from his threatened trespass the town of Palo Alto must maintain officers of the peacee continually upon the property.

Superior Court Notes

Estate of R. M. Digges, deceased. Final account of James Crowe allowed and settled as rendered , after the payment of the administration and attorney fees the remaining funds in the hands of the administrator $625.75 was distributed as follows, Lizzie Digges $314.37 and the other $314.37 to R. H.F . Hobson vs. A. T. Gilcrest et al. Action ordered dismissed.

"Bunco in Arizona"

"The Bunco in Arizona" is the title of a play that will be put on at theCentraltheater, San Francisco next week.

The plot is full of bright and sparkition of the characters around its ling entertainment, and the disposweird weaving, engages the attention, from the rise to the fall of the curtain.

Dick Gold, a hero, is first seen one afteernoon at Black Creek. Suddenly a warm hearted miner enters and casts the first cloud over the scene by telling of his dispossession of the Rainbow Mine by a lawyer from the East. Bunco, a charming young girl is found in this wild western country,and has become a child of nature. Her wealthy aunt comes to claim her and return her to her former English home and possession of an immense estate that she has fallen heiress to.

Jim Blunt, a friend in need, is missing, and through treachery of Black Hawk and others is found secreted in the mine. They are about to rescue him when treacherous foes chop down the bridge, the only means of reaching him, and escape is cut off. There is a terrific explosion and Bunco finally rescues Jim.

Bank Examiner Visits Redwood

National Bank Examiner, C. W. Reed was in town yesterday examining the accounts of the First National Bank. While the government does not permit the Examiner to give any information yet Mr. Reed frankly admitted that the affairs of the bank were in excellent condition. They could be no better. Mr. Reed became reminescent in talking to a Times-Gazette man. He visited Redwood City forty years ago while on his way to Woodside to accept a position with Dr. Tripp. He was a very young man then .The Doctor informed him of the duties expected of him but when hetold him he would have to tend bar it was too much for the young man and he took the next stage to Redwood City. It might be explained that Mr. Reed is a native of Maine.

Missmated Couples

Ella F. Morgan has commenced divorce proceedings in the superior court against her husband, Edward T. Morgan, on the grounds of desertion. The parties are from Los Angeles but fr ao time have been residing at San Mateo.

Lucy Rodenberger was on Thursday granted an interlocutory decree of divorce from her husband, Charles E. Rodenberger on the ground of cruelty She alleged in her complaint that while they were living at Colma last September her husband struck her in the face with his open hand and called her vile names. The couple were married at San Rafael on August 8th, 1906.

Railway Officials Take Notice

The action of the Peninsula Promotion League relative to the high passenger rates to peninsula points has caused the railroad company to take notice, as the committee has been twice visited by Fred Shoup of the Southern Pacific passenger department, in relation to the matter, and Friday he was accompanied by District Freight and Passenger Agent Shillingsburg of San Jose. They were well prepared to discuss the matter, and had typewritten data relative to suburban points out of some of the large eastern cities, which, of course, showed a favorable state of affairs for the railroad

Applied for Letters

Mrs. Catherine Nash has applied in the superior court for letters of administration upon the estate of Samuel C. Nash who died at Palo Alto on December 6th. The estate consists of an interest in certain real estate at Ravenswood valued at $3000 and personal property worth nearly $1000. The estate does not exceed $4000 in value.

IN THE SUPERIOR COURT OF THE STATE OF CALIFORNIA IN AND FOR THE COUNTY OF SAN MATEO.

In the Matter of the Estate of WILLIAM J. ADAMS, Deceased. } Order to show cause on sale of real estate.

Cassandra H. Adams and Charles H. Adams as executors of the will and estate of William J. Adams, deceased, having presented herein their petition duly verified, praying for an order for the sale of a certain portion of the real estate of said deceased, which said portion is the parcel of land hereinafter particularly described, and it appearing from such petition that it is necessary and that it will be for the advantage, benefit and best interests of said estate and those interested therein to sell said parcel of land for the purposes therein mentioned, and said petition being now filed herein, it is therefor ordered by the Judge of said Court that all persons interested in the estate of said deceased appear before the said Superior Court on Thursday the 8th day of February 1908, at ten o'clock in the forenoon of said day in the Courtroom of said Court at the Odd Fellows Building in Redwood City in said County of San Mateo to show cause why an order should not be granted to said executors for the sale of said parcel of land. The following is a description of the said parcel of land, the sale of which is prayed for by said petitioners.

That certain piece or parcel of land situate lying and being in the County of San Mateo, State of California, near the Menlo Park Railroad Station, bounded and particularly described as follows to-wit:

Commencing at the corner formed by the intersection of the Northern line of Middle (sometimes called Middlefield) Road with the Easterly line of Marsh Road, and running thence along said Easterly line of said Marsh Road North twenty-three degrees fifty-two minutes (23° 52') east, twenty-seven (27) chains ninety-six (96) links; thence South Fifty-eight and one-quarter degrees (58¼°) east twenty-one (21) chains and sixty-nine (69) links; thence South thirty-one and three-quarters (31¾°) degrees west twenty-seven (27) chains and sixty-eight (68) links to the North line of said Middle Road; thence along said last named line North fifty-eight and one-quarter (58¼°) degrees west seventeen (17) chains and ninety (90) links to the point of commencement, containing fifty-four and seventy-seven hundredths (54 77-100) acres of land, and being a portion of the Rancho de las Pulgas.

Let a copy of this order be published as required by law in the Times-Gazette, a newspaper of general circulation published in San Mateo County.

Dated December 31st, 1907.
GEO. H. BUCK,
Jan4-5 Judge.

In the Superior Court of the State of California, in and for the County of San Mateo.

Wellington Gregg, Jr., plaintiff, vs. Wm. R. Berry, Edward M. Brewer, Edward M. Brewer as trustee, Eliza Brewer, Frank McCoppin Brewer, as executor of the last will and testament of W. P. A. Brewer, deceased, and all persons unknown who have or claim any interest in, or lien upon, the property described in the complaint herein, defendants.

Action brought in the Superior Court of the State of California, in and for the County of San Mateo, and the complaint filed in the office of the Clerk of the said County of San Mateo.

IRA S. LILLICK,
Attorney for Plaintiff

SUMMONS.

The people of the State of California send greeting to Wm. R. Berry, Edward M. Brewer, Edward M. Brewer as trustee, Eliza Brewer, Frank McCoppin Brewer, as executor of the last will and testament of W. P. A. Brewer, deceased, and to all persons unknow who have or claim any interest in or lien upon the property herein described, defendants.

You are hereby directed to appear and answer the complaint in an action entitled as above, brought against you in the Superior Court of the State of California, in and for the County of San Mateo, within ten days after the service on you of this summons—if served within this county; or within thirty days if served elsewhere.

The said action is brought, and the object thereof is to obtain a decree of partition of the real property hereinafter described according to the respective rights of the parties aforesaid and the parties interested therein, and for a sale of said property, or a part thereof, if it appear that a partition cannot be made without great prejudice to the owners thereof and to determine all adverse claims of the defendants, and each of them, to the said real property which is situate, lying and being in the County of San Mateo, State of California, and bounded and particularly described as follows, to-wit:

Beginning at a point on the northwesterly side of Santa Ines avenue, said point being distant the following courses and distances from an iron pipe monument set in the center of said Santa Ines avenue where the division line between the properties of the El Cerrito Land Company and the Bowie Estate Company intersects the same: south fifty (50) degrees west one hundred (100) feet, south forty-eight (48) degrees fifty (50) minutes west two hundred and fifty (250) feet, south forty-eight (48) degrees thirty (30) minutes west one hundred and thirty (130) feet south fifty-one (51) degrees west one hundred and twenty (120) feet, north thirty-two (32) degrees west thirty-five and two-tenths (35.2) feet to said point of beginning; and running thence from said point of beginning north thirty-two (32) degrees west three hundred and seventy-five (375) feet to a stake in the division line between lands of the Bowie estate and those of Clark; thence on and along said division line north fifty-nine (59) degrees thirty (30) minutes east two hundred (200) feet; thence south thirty-two (32) degrees east three hundred and forty-one and four-tenths (341.4) feet to a point in the aforesaid northwesterly side of Santa Ines avenue; thence on and along said side of Santa Ines avenue south forty-eight (48) degrees thirty (30) minutes west eighty-seven and three-tenths (87.3) feet, south fifty-one (51) degrees west one hundred and fifteen (115) feet to the point of beginning, containing one and sixty-five one-hundredths (1.65) acres of land, and forming a portion of the Bowie estate as designated and delineated on a certain map entitled "Map Number One (1) of Bowie Estate," recorded in the office of the County Recorder of said County of San Mateo, on the sixteenth (16th) day of September, one thousand eight hundred and ninety-seven (1897) in map book two (2) at page ninety-one (91) thereof.

And you are hereby notified that unless you appear and answer as above required said plaintiff will take judgment for any money or damages demanded in the complaint as arising upon contract, or will apply to the Court for any other relief demanded in the complaint.

Given under my hand and the seal of the Superior Court of the State of California, in and for the County of San Mateo, this 22nd day of Oct., A. D. 1907.

[Seal of Superior Court.]
JOS. H. NASH, Clerk.
By A. L. Lowe, Deputy Clerk.
IRA S. LILLICK, Attorney for Plaintiff, 524 Kohl building, San Francisco. 12-14-10t

Ordinance No. 219.

An Ordinance Regulating and Licensing the Operation of Smelters and Providing for Supervision Thereof for the Purpose of Preventing Injury from Oxides of Sulphur, Arsenic, Flue Dust or Other Noxious Substances Generated Thereat.

PREAMBLE.

Whereas, it appears to the Board of Supervisors of the county of San Mateo, state of California, that smelters which discharge air, smoke, gases and fumes containing oxides of sulphur, arsenic and other noxious substances have frequently been injurious to the public comfort, health, safety and welfare and have been the cause of many suits for damages and for other relief and have been declared by the courts to be nuisances and decrees against the owners thereof for damages and enjoining the further like operation of such smelters have been given and made; and

Whereas, it further appears to, and it is the judgment of, this board that the operation in this county of smelters should be regulated, licensed and supervised for the purpose of protecting and preserving the public comfort, health, safety and welfare, and to provide against any smelter operated in this county becoming or continuing to be a public nuisance;

Now Therefore, to such ends and after investigation and consideration and as a local police and sanitary regulation and ordinance,

THE BOARD OF SUPERVISORS OF THE COUNTY OF SAN MATEO, STATE OF CALIFORNIA, DO ORDAIN AS FOLLOWS:

Section 1. Words used in this ordinance in the present tense include the future as well as the present; words used in the masculine gender include the feminine and neuter; the singular number includes the plural and the plural the singular; the word "person" includes a corporation, association and firm, as well as a natural person; the word "day" shall be construed to be the period of time between any midnight and the midnight following; and the word "smelter" includes, and shall be construed to cover, any and all buildings, works and plants for, or involved in, the treatment, roasting or reduction of metalliferous ore or matte containing lead, copper, antimony, zinc, arsenic, or sulphur, or any compound thereof, and having the capacity to treat, roast or reduce fifty (50) tons or more of such ore or matte per day.

Section 2. It shall be unlawful for any person to operate in the county of San Mateo any smelter unless he shall have procured and paid for the license hereinafter mentioned and required.

Section 3. It shall be unlawful for any person to operate in the county of San Mateo any smelter unless he shall have first provided, and thereafter shall continuously maintain, at such smelter easy and efficient access thereto and means whereby samples of any noxious air, smoke, gases, fumes, flue dust or waste substance generated thereat and discharged therefrom may be readily taken for analysis.

Section 4. It shall be unlawful for any person to cause, allow or permit to escape or be discharged from any chimney or flue directly or indirectly connected with the furnaces, converters or other parts of any smelter into the free atmosphere any air, smoke, gases or fumes which said air, smoke, gases or fumes contain oxides of sulphur estimated as sulphur trioxide or sulphuric anhydride amounting to more than two (2) grains per cubic foot of said air, smoke, gases or fumes, if such smelter be of the capacity of not more than one hundred (100) tons of ore per day, or more than one and one-half (1½) grains per cubic foot of such air, smoke, gases or fumes if such smelter exceeds in capacity one hundred (100) tons of ore per day; and in calculating the proportions for the purpose of this ordinance, such air, smoke, gases or fumes shall be calculated at a temperature of sixty (60) degrees, Farhenheit thermometer, and at a barometric pressure of thirty (30) inches.

Section 5. It shall be unlawful for any person to cause, allow or permit to escape or be discharged from any chimney or flue directly or indirectly connected with the furnaces or converters or other parts of any smelter into the free atmosphere any air, smoke, gases or fumes which contain arsenic flue dust or any noxious substance in such quantity that the same is dangerous or injurious to animal or vegetable life.

Section 6. It shall be unlawful for any person to cause, allow or permit to be discharged from any smelter into the waters of the bay of San Francisco, within the county of San Mateo, or into any branch or arm thereof or tributary thereto within said county, any sulphuric acid, nitric acid, arsenic, lead, copper, zinc, antimony, or the compound of any two or more of them.

Section 7. It shall be the duty of any person desiring to operate a smelter to procure from the ex-officio license collector of this county, before commencing to operate the same, a license authorizing him to operate the same, and shall pay therefor to the said license collector the license tax hereinafter set forth for a smelter of the capacity of the one he desires to operate.

Section 8. The classification and the license tax for the operation of a smelter pursuant to the provisions of this ordinance shall be as follows:

Class 1. A smelter having a capacity of not exceeding one hundred (100) tons of ore per day, the sum of fifteen (15) dollars per month;

Class 2. A smelter having a capacity of more than one hundred (100) tons, and not exceeding five hundred (500) tons of ore per day, the sum of twenty-five (25) dollars per month.

Class 3. A smelter having a capacity of more than five hundred (500) tons and not exceeding one thousand (1000) tons of ore per day, the sum of fifty (50) dollars per month;

Class 4. A smelter having a capacity of more than one thousand (1000) tons and not exceeding two thousand (2000) tons of ore per day, the sum of one hundred (100) dollars per month;

Class 5. A smelter having a capacity of more than two thousand (2000) tons of ore per day, the sum of one hundred and fifty (150) dollars per month.

Said license tax shall be payable quarterly, semi-annually, or annually, in advance, at the option of the licensee; but no license shall be issued for a longer period than one year from the date thereof, PROVIDED, that the same may be renewed at the expiration thereof on proper payment therefor.

Section 9. It shall be the duty of the health officer of said county, or such other person as the Board of Supervisors may designate therefor, at such time or times as the said board, or the chairman thereof, may direct, or such health officer or person shall deem it necessary or proper, to visit any such smelter and the premises on which it is situated, and examine the same, and exercise the rights and perform the acts provided for in Section 10 hereof. He shall, when he deems it necessary or proper, or when so directed thereto by said board, or its chairman, take samples of the air, smoke, gases and fumes discharged or issuing from such smelter into the free atmosphere and shall have the same analyzed to ascertain whether they exceed in content the maximum of oxides of sulphur permitted to be discharged, as hereinbefore provided, and whether such air, smoke, gases and fumes contain dangerous or injurious quantities of arsenic, flue dust or other noxious substances, and as nearly as practicable the amount thereof per cubic foot, and shall report to the Board of Supervisors the result of his examination and analysis; and said board may thereupon, if it deems it necessary or proper, direct the District Attorney of said county to file a proper charge and complaint against, and prosecute, any person who, in its judgment, has wilfully violated this ordinance; but prosecutions for violation of any provision of this ordinance may be instituted, had and maintained without any order of said board thereof. And nothing herein contained shall justify or permit the maintenance of a nuisance of any character or deprive any one of his action at law or in equity for the abatement thereof, or for damages arising therefrom, or for any proper relief or judgment.

Section 10. The health officer or other person mentioned in Section 9 hereof, shall, for the purposes of this ordinance, have free access to, and may at any time, by day or night, and without giving previous notice,—

(a) Enter and inspect any smelter for the operation of which a license has been granted as aforesaid;

(b) Observe and examine any process causing the evolution of any noxious or offensive air, smoke, gases, fumes, arsenic, flue dust, or waste substance and any apparatus for preventing the discharge thereof into the atmosphere or for rendering any smoke, gases, fumes, arsenic, flue dust or noxious substance generated thereat harmless or inoffensive when discharged;

(c) Ascertain the quantity and composition of the air, smoke, gases, fumes, arsenic, flue dust and noxious substances discharged from any such smelter;

(d) Enter and inspect any place where liquid, acid, or other waste substance is discharged or deposited;

(e) Collect and remove for analysis samples of air, smoke, gases, fumes, fluids, and solid matter generated or made at such smelter; and

(f) Make such investigation and apply such tests as he may deem necessary or proper, or said board may direct, to carry out the purposes of this ordinance:—

Provided, however, that no person shall be obliged to disclose or permit the examination of any secret process or apparatus used in operating such smelter.

Section 11. It shall be unlawful for any person to resist, hinder, delay, annoy or interfere with the health officer, or other person mentioned in Sections 9 and 10 hereof, while in the performance of any duty or act provided for or authorized by this ordinance.

Section 12. Any person who shall violate any provision of this ordinance shall be guilty of a misdemeanor, and shall, upon conviction thereof be punished by a fine not exceeding five hundred dollars, or by imprisonment in the county jail of the county of San Mateo not exceeding six months, or by both.

Section 13. Each and every day, or fractional part thereof, wherein any smelter is operated in violation of any provision of this ordinance shall constitute a separate offense.

Section 14. This ordinance shall take effect and be in force from and after fifteen (15) days from its passage.

Passed and adopted by the Board of Supervisors of the county of San Mateo as an ordinance of said county at a session and regular meeting of said Board held this 20th day January, 1908, by the following vote:

Ayes, and in favor of the passage of said ordinance, Supervisors, John MacBain, J. H. Coleman, D. E. Blackburn.

Noes and against the passage of said ordinance, Supervisors, J. Eikerenkotter, J. Debenedetti.

Absent, Supervisors, none.

Attested and approved this 20th day of January, 1908.

WOMEN'S WOES.
Redwood City Women Are Finding Relief at Last.

It does seem that women have more than a fair share of the aches and pains that afflict humanity; they must "keep up," must attend to duties in spite of constantly aching backs, or headaches, dizzy spells, bearing, down pains; they must stoop over, when to stoop means torture They must walk and bend and work with racking pains and many aches from kidney ills. Kidneys cause more suffering than any other organ of the body. Keep the kidneys well and health is easily maintained. Read of a remedy for kidneys only that helps and cures the kidneys and is endorsed by people you know.

Mrs. H. C. Wilder, living at 806 Arguello st. Redwood City, Cal., says: "Before I used Doan's Kidney Pills, I was annoyed to quite an extent from a dragging pain in my back which clung to me persistantly and made my life miserable. My grandmother was staying with us at the time, and as she had used Doan's Kidney Pills with satisfactory results, she advised me to give them a trial. I procured a box at P. A. Ryyn's Drug Store, and they absolutely banished the pain and distress in my back and I have not had the slightest return of the trouble since. I know of others who have used Doan's Kidney Pills with equally satisfactory results."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's and take no other.

Poundkeeper Badly Wanted

Notice is given that a pound keeper is wanted by the Board of Town Trustees, as decided at the meeting Monday evening. Applications will be received by the members of the board and appointment made at the next meeting.

This is a very desirable position, and an applicant must be of high moral character and his qualifications are various. He must be good-tempered and courteous, even if a bevy of women are lashing him with their tongues and thrusting their fists in his face, while he calmly annexes the patient family cow, which has done nothing but destroy several valuable plants in a neighboring garden. He must also be independent and take in Hynding's cow or Luscher's pet deer with the same imperturbility that he grasps Tony Pease yellow dog. Finally he must be above accepting bribes to let a stray go and must not be suspected of being influenced in any degree so that he may let the rich man's dog go and seize upon the poor widow's only support, her cow. So it can be seen that the office is an easy berth and one that a number of applicants will surely aspire to so it is best to get in early and avoid therush.

The clerk was instructed to advertise for bids for fire hose.

The street superintendent reported a hoop off one of the tanks and was directed to attend to putting one on.

The application of L. Biosla for water connections was granted.

The curb on Walnut street between Stambaugh and Holder street was ordereed reduced to eight feet on each side of the street. This change is necessitated by a mistake in the survey.

The street superintendent was instructed to notify the school trustees to remove the gum trees on the rear of the old school property.

Visitors From Alaska

Visiting for the first time the mainland of their native country little Marie and Charles Anderson spent several days in this city this week. They arrived in San Francisco on the schooner W. H. Dimond a week ago with their parents, Captain and Mrs. Charles G. Anderson, coming from the island of Unga which is situated 2,000 miles to the northward on the southeastern side of the Alaskan peninsula. The children, who are quite pretty, are half Eskimo. Their father is a Swede, while their mother is a native of Alaska. Neither Mrs. Anderson nor the children had ever before seen the wonders of modern civilization until they landed in San Francisco and sheer amazement sealed their lips when they found themselves in the midst of the city's busy whirl. For nearly a generation Anderson has been the agent of the Alaska Codfish Company at Unga. They will return to the north on the Dimond when she sails again. In this city the Andersons visited at the home of Joseph Hahair.

Bay Pirates Captured

H. F. Edwards, aged 21 and H. A. Kellar, aged 18 were arrested Monday for burglarizing hunting cabins and arks on the marsh. Ed. Hanson saw them carrying articles away from the Teal Club's house and informed the owner who in company with Sheriff Chatham went after the offenders and arrested them in their slocp which was found to be loaded with loot of all kinds. Both boys confessed to the robberies and were lodged in jail. They have upon them blanks of the National Unemployed League headquarters at Second and Jackson streets, Oakland, Kellar giving his residence as 962 Twenty-eighth street in that city. Edwards gives his residence as 1029 Mission street San Francisco. The sloop, a pretty little clinker built boat is supposed to have been stolen presumably from Oakland.

Will Govern Selves

The pupils of the seventh and eighth grades are making an experiment in self-government. A constitution is being prepared which will provide for a government with executive and judicial branches. All laws not provided in the constitution will be enacted by a congress composed of delegates chosen from the general body of the governed. All violations of the laws and regulations will be punished. Decisions to receive the approval of the principal of the school.

The object of the experiment is to develop a sense of individual responsibility; to teach that there are civic duties to be performed and how to perform them and also to teach through actual practice, a working knowledge of how our national and state governments operate and to teach patriotism effectively.

It's a Good Bill

One of the most important bills to California, introduced in Congress is that of McKinlay, which is called the small homestead act. It provides that tracts of land suitable only for vineyards, orchards, gardens or summerhouses, or any two such uses may be patented to actual settlers who reside thereon at least three months of the year, if they are not available for timber, bark, wood, stone or mineral. Not more than eighteen acres may be taken. As originally framed the law applies only to land in Sonoma, Napa, Mendocino, Lake and Humboldt counties, but it is to be amended so as to be more generally in its scope—Hollister Free Lance.

The Southern Pacific is considering the establishment of a loop service between San Francisco and South San Francisco and operating in one direction by way of Visitacion the other by way of Valencia street. This will give service to Visitacion and the Union Iron Works district, where it is not practical to stop any of the San Jose locals. This district has enjoyed no advantage as yet from the bay-shore cutoff. There will be a morning and an evening train in each direction.
